

Step 6 – Planning Document for Michif Practice Model

Key Issue we are working on for this meeting:

Triggers:	Existing strengths:	Prevention Strategies:
Stressors:	Existing Safety:	Who will do what when the issue arises:
Red Flags:		What are the tools we are using to monitor and make sure the plan is working?

Scale from the analysis set that pertains to this key issue inserted here:

Scaling everyone involved and rationale (remember all rationale has to go back to impact around the safety/wellbeing of the children)

*** please consider the voice of the child and how you can incorporate the rules the child(ren) have put into their safety cabin pertaining to the key issue, into the rules/strategies of the adult plan

*** Keep track of the role of the captain of the plan and how they are leading the safety planning work for this family.
