

Dinner Blessing

Creator, bless this meal and all that it celebrates. Bless the hands that have prepared this bounty. Bless the farmers, the workers who tend to the gardens and who harvest the fare.

We thank you for the nature which surrounds us, the plants, animals, and the serenity which is a part of this beautiful city of Kamloops which is our home.

Heavenly Father we celebrate your wondrous ways and we Thank you as we celebrate this gathering, and the food which has been prepared for us. Bless our youth as they reach another milestone on the road of life in this, their graduation.

Maarsii, Meegwetch, Amen, and all my Relations
