| Who is in the care team?       | <p>Molly: Social worker / Case Manager for the FS and CS files. Social Worker focuses on ensuring the child's safety and well-being, coordinating with guardians to access necessary services, and advocating for the child's best interests in legal and social contexts.</p> <p>Charise: Social Worker for the Guardian. Coordinates with the guardian around what they need to assist them in providing care for the children.</p> <p>Leona: Development and Behaviour Consultant. Assesses the child's developmental and behavioural needs, creating strategies to support skill-building, and ensuring that behavioural challenges are addressed.</p> <p>Tia, Pearl and Dawn: CYMH Clinical Counsellors. Offers therapy and emotional support, helping the child and family cope with the changes, address mental health concerns, and develop coping strategies for the transition.</p> |  |  |
| Care Team and Responsibilities | Leona: Gather (Child), (Child) and (Child)'s voices around their connection                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |  |  |

## MICHIF PRACTICE TIMELINE

|  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |  |  |

## MICHIF PRACTICE TIMELINE

|  | <p>At some point through the timeline, plan for kids to visit Aunty Aunt in Chilliwack, can she come here? to build and nourish the connection 3 oldest and give (Caregiver/Grandma) some respite from them? – could someone else have the babies? (Caregiver/Grandma) could have a weekend off? Maybe Mom has the younger two with GG at her home when we have moved to an overnight?</p> <p>GG caring for (Child) more often to give (Caregiver/Grandma) breaks</p> |  |  |
